

STEINWAY & SONS

## STEINWAY & SONS **ELBPHILHARMONIE** LIMITED EDITION

The Elbphilharmonie and Steinway & Sons – two names that stand for excellence in music and outstanding cultural values. With this edition, limited to only eight grand pianos, Steinway & Sons celebrates the new symbol of the city of Hamburg and offers exclusive instruments for music and design enthusiasts. These instruments reflect all the striking design elements of the Elbphilharmonie: the silhouette of the music desk, the dot matrix of the windows on the inside of the lid and the upholstery from the seats in the Grand Hall on the matching piano bench. Five grand pianos are also equipped with SPIRIO, the innovative player piano system enabling you to experience artists' performances in your own home as good as live. Each piano benefits from Steinway & Sons' partnerships with great pianists. Furthermore, the cooperation with the Elbphilharmonie extends beyond the design. €20,000 per instrument sold will be donated to the Stiftung Elbphilharmonie to benefit the music education programme for children, youth and families.
